FROM THE DIRECTOR'S DESK

DR. RAJESH DHIRAWANI
DIRECTOR

Hitkarini Dental College and Hospital is run by Hitkarini Sabha, a very reputed and old educational organization of Madhya Pradesh. The Sabha has borne the social responsibility of providing education to the masses with great endurance and has continued to grow over the years.

The dental college is also continuing the tradition by providing quality education and affordable quality dental care to the masses. On the one hand, well qualified faculty, fully equipped laboratories and library in a picturesque campus, provides opportunity to the students to become best in the class dentists and on the other hand the college hospital provides oral health care to the regular stream of urban and rural patients. Medicines are provided free to the patients undergoing treatment at the college.

To further fulfill the social commitment of service to the society the college has satellite clinics in neighbouring rural areas and provide primary dental care to rural people of the region.

Hitkarini Dental College and Hospital in its endeavor to have the best faculty also has a continuing education program where seminars, workshops are organized by bringing national and international faculties to update the faculty as well as students with recent advancement in the field of dentistry.

Each student can be assured of a cordial atmosphere in this quality institution. We invite you to join our college, we will provide you full support to fulfill your ambition to become an excellent dental surgeon and a better human being.

FROM THE DEAN'S DESK

DR. ROHIT MISHRA
DEAN

Welcome to Hitkarini Dental College & Hospital, an institution run by Hitkarini Sabha, Jabalpur.

We at Hitkarini Dental College & Hospital are happy to be part of more than 154 years old Hitkarini Sabha institutions. At the same time we are also aware of our responsibility as part of Sabha to fulfill our duty towards the students and to the

society by providing quality education and service.

Our aim is to establish the college as a provider of quality dental education in the entire Asian region. We are aware of the growing demands of education in modern times. Accordingly we plan to give the students the best academics in both theory and hands on practicals facilitated by quality infrastructure of class rooms, laboratories, clinics, library, etc. At the same time we strive to provide quality dental care to our patients on a daily basis with modern clinics, equipments and continuous learning systems for our staff. For our faculty members there is quality environment with least interference from management and primary goal of achieving good academic performance.

LIBRARY

The college is maintaining a full-library in 10,000 sq. feet area to enable the students to allow their academic pursuits. It has, to begin with, about 5000 books on different branches of Medicine & Dentistry which will grow to more than 10,000 volumes in the next two years. Apart from foreign publications, many volumes of popular Indian authors are made available.

E-Library is fully functional and we have the EBSCO system which we have subscribed. The library boasts of having about 95 journals hard bound both National and International with their respective back volumes of more than 10 years. We use the AACR11 Cataloguing system and computerized library automation system.

ASSOCIATIONS

Associated Hospital - Jabalpur Hospital & Research Centre

The college is associated to Jabalpur Hospital & Research Centre under a long term agreement as per requirement of DCI.

The Jabalpur Hospital is a 300 bedded multidisciplinary hospital providing excellent health care to the people of Mahakoshal Region. It is recognized by Govt. of M.P. CGHS, West Central Railway and several PSUs.

The hospital has Internal Medicine, Critical Care Deptt., Paediatrics/Neonatology Deptt., Cardiology, Nephrology, Dental Oral and Maxillofacial Surgery, Neurosurgery and Neurology, General Surgery and Minimal Invasive Surgery, Obstetrics and Gynaecology, Ophthalmology, Ear Nose & Throat, Orthopaedics, Joint Replacement Surgery and Urology. The Hospital has modern comprehensive Cardiology Unit with cath lab and CABG programme.
