

ZYGOMATIC FRACTURES

Clinical assessment

Radiographic assessment

Isolated zygomatic arch fractures

ZMC fracture without arch fracture

ZMC fracture with arch fracture

ZMC fracture with F-Z fracture

Transoral(keen) approach/ Gillie's approach

Transoral(keen) approach

Transoral(keen) approach

Transoral(keen) approach
+
Extraoral lateral eyebrow approach

Reduction of arch with Rowe's zygomatic elevator

Fixation of zygomatico alveolar crest

Reduction of arch with Rowe's elevator intraorally
+
Fixation of zygomatico alveolar crest

Reduction of arch with Rowe's zygomatic elevator intraorally
+
Fixation of zygomatico alveolar crest
+
Fixation of F-Z region
