# **HITKARINI DENTAL COLLEGE & HOSPITAL**

**Recognized by Dental Council of India(DCI)**

**Affiliated to MPMSU, Jabalpur**

# A Tribute

**Smt . Chandra Prabha Pateria**  
**Pioneer, Founder and Chairperson**  
Hitkarini Dental College & Hospital

A Noble Soul who led not only the parent society for a number of years but was also the founding Chairperson of the college.

She was a mother figure to the society - simple, humble, loving and compassionate human being whose motto was to love and treat everyone as equal. She believed in forgiveness and humility.

We look at the college today, bustling with students, patients, staff and faculty and the lush green trees and remember her for the silently strong and supportive presence.

As a continued tribute to her, and with her divine blessing, the college now embarks on the second leg of its journey to be the brightest shining star in the constellation of institutions of Hitkarini Sabha.

**Shri Mahendra Bhandari**  
**Ex. Chairman**  
Hitkarini Dental College & Hospital

His contribution in initiation and progress of Hitkarini Dental College is immense, which can never be forgotten. He was always in favor of providing quality professional education and upgrading the facilities in the Dental College. He is remembered and greatly missed for his unconditional support for the betterment of the faculty and students.

He has always thought about the development of the college and establishment of the hospital to serve the population of Mahakaushal with quality dental care and treatment.

His optimistic & jolly nature has given him the name *Dada Bhandari*. He is always remembered in the echoes of the college foundation.

# WHY DENTISTRY?

**D**entistry in recent times offers rewarding career opportunities. Dental disorders have become a common problem among all sections of the society. With advancements in science and technologies, treatment procedures have become specialized. Thus, the profession is both demanding and remunerative, drawing new aspirations to the profession.

## OVERVIEW OF THE INDIAN DENTAL PRACTICE

Dentistry in India is a career option that has seen exponential growth in the past decade. It is a field that is not only highly rewarding but also offers a wide range of opportunities for those looking to pursue a career in this field. It is also the third-largest provider of dental care in the world. The Indian dental industry has also benefited from the increasing demand for dental tourism from patients across the world. The dental tourism industry is expected to grow exponentially in the coming years as more and more people prefer to seek treatment in India for its cost-effectiveness and quality as compared to other countries.

## BENEFITS OF PURSUING A CAREER IN DENTISTRY

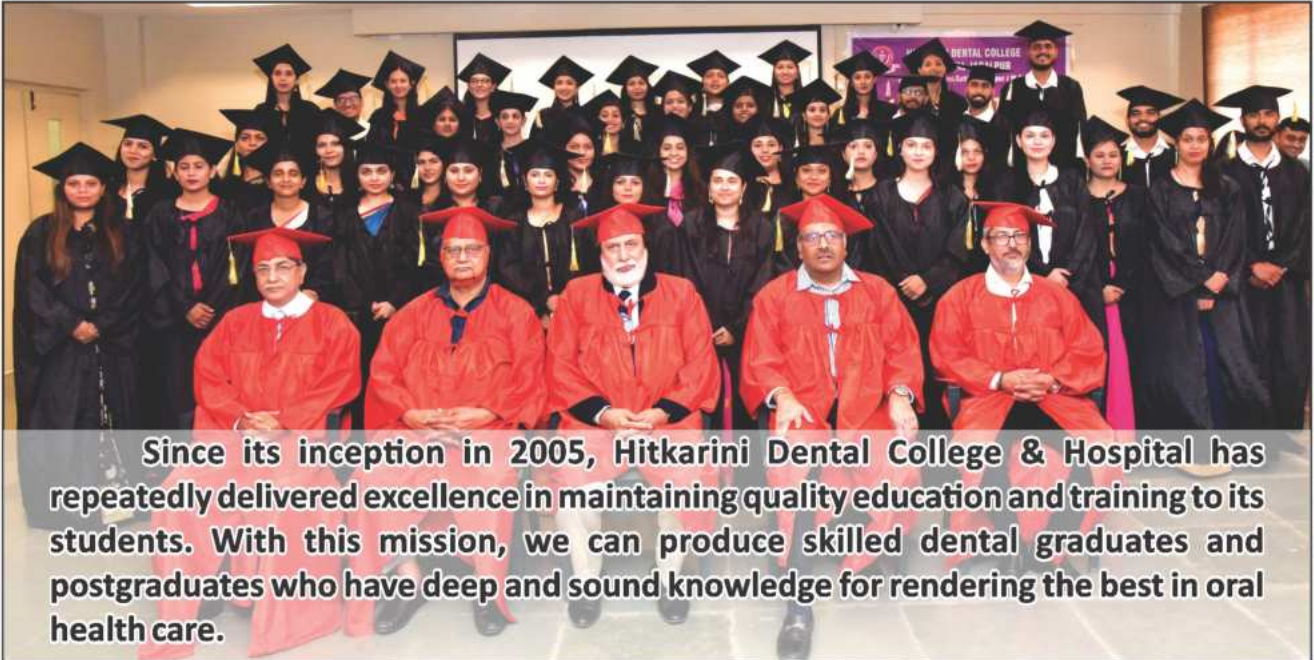

- **Increased Demand for Dental Professionals:** The growing Indian economy is expected to create a demand for 1.5 million dentists by 2030.
- **Technology and Safety:** The Indian dental industry is one of the most technologically advanced in the world. This ensures that the latest technological advancements and procedures are available to the patients. The safety aspect of these procedures is also highly regulated.
- **Competitive Pay:** The pay offered to a dentist in India is quite competitive and attractive.
- **Financial Assistance:** To encourage and support students who want to pursue a career in dentistry, the Indian government offers monetary benefits and loans.
- **Learn from Experienced and Qualified Professionals:** You have the opportunity to learn from experienced and qualified dentists who have years of experience in the field.
- **Higher Success Rate:** The success rate of dental procedures and treatments conducted in India is quite high.

## WHY CHOOSE US?

Since its inception in 2005, Hitkarini Dental College & Hospital has repeatedly delivered excellence in maintaining quality education and training to its students. With this mission, we can produce skilled dental graduates and postgraduates who have deep and sound knowledge for rendering the best in oral health care.

### SALIENT FEATURES OF HDCH

- High number of patient inflow.
- Run by central India's oldest education society with a legacy of over 150 years – The Hitkarini Sabha (established in 1868).
- Only dental college in the entire Mahakaushal region (consists of a total of Eight districts).
- First dental college with CBCT machine in Mahakaushal region.
- College with Digital Dentistry Department (First of its kind in whole central India).
- College with In-house latest technologies & equipment like 3D Printers, LASER, Intra-oral scanners, CBCT Imaging and CAD software, electrocautery, and Piezo surgery.
- Regular scientific meetings & conferences by all the departments.
- Annual visit of esteemed international faculty for scientific meets.
- Active Alumni association and placement cell for the welfare of present and past students.
- Faculties with over 25 years of experience in academics and successful practice in their respective fields.
- The college is situated in a picturesque location on the airport road.
- Central library with the latest books, and National-International journals.

**The college is recognized by the Dental Council of India and affiliated with MadhyaPradesh Medical Science University, Jabalpur.**

# CAREER PATH

"BDS & MDS must be done from a college whose courses are recognized by the Dental Council of India (DCI)"

## ◆ BACHELOR OF DENTAL SURGERY (This course is of four years duration) ◆

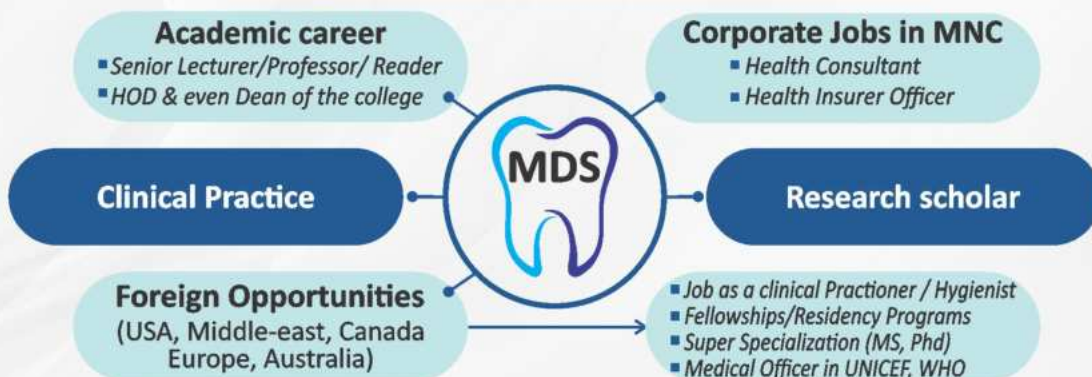

- **Compulsory Internship (1 Year)** : After the completion of the four years of study, the student has to complete at least a year of internship.

### Various Career options after BDS:

## ◆ MASTERS IN DENTISTRY (This course is of three years duration) ◆

### Various Career options after MDS:

# THE SOCIETY - HITKARINI SABHA, JABALPUR

Jabalpur, formerly Jubbulpore, is a city situated on the banks of Narmada River in the state of Madhya Pradesh, India. Jabalpur is an important Administrative, Industrial and Educational Center of Madhya Pradesh.

Hitkarini Sabha, established in 1868, is one the leading educational organizations of eastern Madhya Pradesh. Established by contribution of some of the leading families of the country and the organization has kept pace with changes in the country. Initially set up to provide value based quality education to Indians to become a force against the British; now the Sabha provides quality education to the

children of *Sanskardhani* from Kindergarten to Post Graduate level in various fields.

Since the beginning it has been the endeavour of Hitkarini Sabha to promote and nurture teaching talent of the highest order. It is not unusual to see names of several erstwhile teachers and colleges being mentioned at different social, cultural and religious forums. Several leading teaching luminaries of the city have been associated with institutes of the Sabha as teachers or heads. Hitkarini Sabha tries to provide a stable working environment and opportunity for further Skill Development. Amongst its teaching staff 30% are PhD and 95% have post graduate qualifications.

# UNIVERSITY: CURRICULUM

## THE UNIVERSITY

# THE ADMINISTRATIVE TEAM

## FROM THE DEAN'S DESK

**Dr. Rohit Mishra**

Dean

Welcome to Hitkarini Dental College & Hospital, an institution run by Hitkarini Sabha, Jabalpur.

We at Hitkarini Dental College & Hospital are happy to be part of more than 154 years old Hitkarini Sabha institutions. At the same time we are also aware of our responsibility as part of Sabha to fulfill our duty towards the students and to the society by providing quality education and service.

Our aim is to establish the college as a provider of quality dental education in the entire Asian region. We are aware of the growing demands of education in modern times. Accordingly we plan to give the students the best academics in both theory and hands on practicals facilitated by quality infrastructure of class rooms, laboratories, clinics, library, etc. At the same time we strive to provide quality dental care to our patients on a daily basis with modern clinics, equipments and continuous learning systems for our staff. For our faculty members there is quality environment with least interference from management and primary goal of achieving good academic performance.

## FROM THE REGISTRAR'S DESK

**Mr. Jai Keshwani**

Registrar

Welcome to Hitkarini Dental College & Hospital, Jabalpur !

The main mission of the College is to excel globally in dental education and oral health care. In fact, we are committed to exploring new frontiers in these areas. The College is located at the heart of the sprawling world class campus with state-of-the art infrastructure such as new age classrooms, head lab, health sciences library, and world-class hostels and sports facilities.

To complement this, the dental clinics are equipped with ultramodern dental chairs, cutting edge diagnostic gadgets and top-class oral health care facilities.

As for the students, we encourage, inspire and stimulate them to develop academic, professional and personal skills and capabilities to perform well in the competitive environment of today marked by new challenges with rising expectations. We are sure you will assist us in accomplishing our dream and vision of making this college the best in oral health care. I extend a warm welcome to all the future students.

Counselling is sincerely provided to the students regarding NEET exam formalities, the curriculum and complete admission procedure.

# Our Faculty

- *Highly Experienced faculties in each department with over 25 years of experience.*
- *Our Faculty members are fully oriented & experienced both in academics & clinical expertise in their respective fields.*
- *All the departments have full time faculties continuously dedicated for the students & the hospital.*
- *Many Faculty members are the active figures in their scientific societies on International & National forums.*
- *All the Faculty members are regularly participating & conducting workshops in the National & International conferences throughout the year .*
- *Our Faculty members have continuous monitoring over the student support and welfare programs through the Anti - ragging, Placement cell & Slow-learning committee's.*
- **THE AIM** of our faculties is to provide the students with expert knowledge and training using latest techniques and equipments & establish them as a professional doctor in the society and for their future endeavors.

**"Department of Oral Medicine and Radiology is a specialized branch of dentistry that is concerned with the oral health care of medically compromised patients and the diagnosis of various oral diseases."**

## **KEY FEATURES OF THE DEPARTMENT**

- Equipped with Advanced 3D CBCT machine.
- High tech Intra-oral X-ray Machines in UG & PG clinics.
- 27 functional dental chairs in the UG & PG clinics.
- TENS machine for TMJ treatment.
- Separate biopsy procedure room.
- Seminar hall for PG activities.
- Highest number of walk-in patients in a hospital.
- Laser treatment for oral lesions.
- Management of Medically compromised patient.
- Oral Cancer Screening.
- Dedicated Biopsy Lab.

# PERIODONTOLOGY & IMPLANTOLOGY

The branch of Periodontology consists of periodontics and implantology. Department Periodontics deals with the study and preservation of periodontium, whereas in implantology we deal with the meticulously fixed replacement of already lost teeth.

The branch also has a vital role in preventive measures of periodontal diseases by educating, motivating, and instructing the community at different levels. Recent advances like use of LASER Surgery & guided implantology have also been introduced.

## KEY FEATURES OF THE DEPARTMENT

- The department is well equipped with all the routine and advanced surgical armamentarium.
- These include a variety of bone graft materials, GTR membranes, surgical instruments, 20 sonic and ultrasonic scalers and LDD systems.
- In-house electrocautery, centrifugation machine.
- Soft tissue diode laser, piezosurgery unit.

Public Health Dentistry forms the cornerstone of dental awareness and oral health promotion among masses. It reaches out to the general public, who have limited access to the hospitals and clinics for their dental needs.

Department of Public Health Dentistry aims at educating people to adopt a healthy lifestyle, thus preventing the occurrence of dental diseases and also providing them with affordable treatment. Various preventive procedures are carried out in the department like Oral Prophylaxis, Topical Fluoride application, Pit & Fissure Sealant, Tobacco Cessation Counselling, etc.

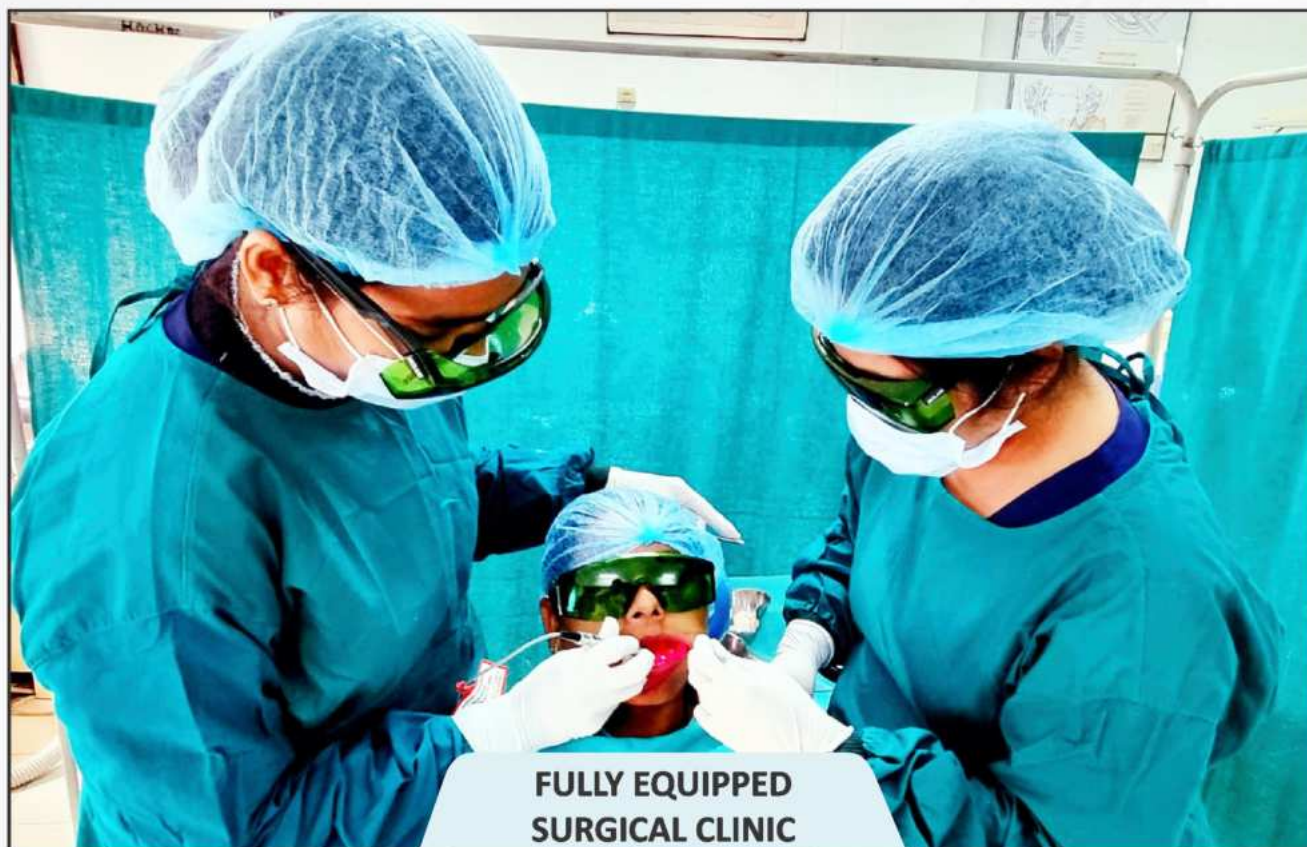

## KEY FEATURES OF THE DEPARTMENT

- The department conducts various outreach activities including oral health camps.
- Skits, dramas & rallies at prominent road intersections / crowded localities of the city and in surrounding villages to spread awareness about oral diseases and their causes & methods of prevention.
- It also carries out the extra-curricular activities for the benefit of overall development of the students by conducting events for yoga, sports, meditation, artistic activities, debate competitions, etc.

# ORAL & MAXILLOFACIAL SURGERY

The Department of Oral & Maxillofacial Surgery has a host of trained Professionals. All varieties of surgical treatment ranging from acquired congenital, traumatic, and developmental diseases of the jaws and face to simple extraction of teeth are undertaken.

## KEY FEATURES OF THE DEPARTMENT

### MINOR SURGERIES:

- Closed extraction
- Transalveolar extraction/Odontectomy
- Laser Surgeries for Oral Diseases
- Piezosurgeries
- Dental Implants
- Surgical and Non Surgical Removal of Teeth
- Enucleation/Marsupialization of Cysts
- Endodontic Surgeries
- Pre-Prosthetic Surgeries

## CULTURAL & SPORTS ACTIVITIES

## COLLEGE CAMPUS

## COLLEGE CAMPUS

**Students in Campus**

**Seperate Boys & Girls Hostel Facility With 24 Hours Security**

# FINANCIAL TIE UP & ASSISTANCE

## **Financial Tie up:**

College is having tie-ups with all the major banks, which are having education loan scheme, with affordable rate of interest and flexibility of repayment schedule, which will help the candidates to pay the college fee and get hurdle free education. A candidate can avail the facility of Education loan scheme, provided by the banks as per the rules and regulations decided by the banks and also depends upon the financials of the parents/guardians of the candidate. Details of educational loan scheme are available at the time of admission with the concerned person.

## **Financial Assistance:**

The management/colleges is always tries to prevent any talented student from stopping his education due to lack of money for this we are also trying to assist students to get financial assistance in mean of scholarship, education loan, any other help provided by any competent authorities.

## **Scholarship:**

Scholarship is available for SC, ST, OBC category students and girl students as per Government policies, college is bound to assist needy candidates in any type of scholarship programs decided by the Government and competent authority. Management/College is also offering scholarship for needy students.\*

## **Fee Structure and Course Duration:**

College is offering two courses Bachelor of Dental Surgery (BDS) and Master of Dental Surgery (MDS), fee for both the courses of college has been decided by the Admission & Fee Regulatory Committee, Madhya Pradesh.

# PLACEMENT CELL

The college has integrated the career guidance system with the help of a Placement cell.

The Cell offers guidance to the students regarding higher studies, self-employment, and job opportunities.

Job opportunities include placement in the private clinics, hospitals, govt jobs, MNCs etc.

## AIM

- Collection of all the notice/advertisements of vacancies from private and government sectors.
- Putting all the notice/advertisements on college notice board and colleges whatsapp groups.
- Maintain the records of various courses and of all notice/advertisements along with exam and syllabus details.
- Counselling of students for various competitive exams and organizing lectures for enhancing student's knowledge, thus increasing the student placement.
- Maintaining student placement records.

## WORKING ACTION

- To promote and create awareness regarding career advancements and placement options for the students.
- Our motive is to regularly conduct activities that will indulge students in the recent/latest trends of dentistry through training, knowledge sharing, and placement.
- We are inclined towards guiding the students for the various competitive examinations like PG-NEET for MDS.
- Current and updated information regarding jobs in private as well as government sectors is be given to the students regularly.
- Using social media platforms to reach out to the students.
- The college has created a dedicated committee who are active on social media platforms for the exchange of information regarding vacancies and jobs in private clinics, hospitals, government sectors, international countries, etc.

# ADMISSION PROCEDURE

*"The interested students can contact or come to us, and we will take care and guide the students of everything."*

- The Administrative Team of HDCH
